Summer 2017

- Summer intern at a cloud based company focused on policy management and risk assesment
- Assisted in the execution of 3 enterprise-scale sales
- Trained 5 major, long-term customers on a product update
- Incorporated customer feedback into an improved go-to-market strategy

SELECTED INDEPENDENT PROJECTS

The Hult Prize
Competitor
Spring 2018
hultprize.org

- The Hult Prize is the world's biggest engine for the launch of for-good, for-profit startups emerging from universities with over 2500 staff and volunteers around the world
- Hult Prize Foundation been called the "Nobel Prize for Students" and has been featured in a TIME Magazine Cover Story highlighting the "Top 5 Ideas Changing the World."
- Currently competing in the regional finals as one of 3,000 teams out of 100,000 applicants
- Our idea is varying powerline currents to reduce energy theft (a 90 billion dollar problem)

Inside @ UVA
Founder and Web Developer

- A central repository of all the grants and funding opportunities at UVA
- Intended to democratize the information about these opportunities that is currently concentrated amongst a small group of priviledged students who don't neccessarily need them

Hackital Hackathon
Fall 2017
Washington D.C.

- Developed software that uses the MYO armband to track arm movement in physical therapy
- Continuing this project by pursuing a partnership with the University Hospital
- DevPost Project Link: https://devpost.com/software/virtual-therapy

Disrupt the District
24-Hour Hackathon
Spring 2017
Washington D.C.

- Developed a prototype of an application that rewards users for not using social media
- This project was designed to help fight cyber bullying and increase face-to-face interaction
- DevPost Project Link: https://devpost.com/software/off

LEADERSHIP

Association of Computing Machinery
Role: Treasurer
Spring 2018-Present

- An organization focused on building and connecting the Computer Science community
- Organized social events (game night, dodgeball, etc.), professor dinners, and academic lectures
- Organized the "High School Programming Contest", one of the largest coding contests in the US
- Managed budget of both ACM and HSPC and coordinated all donation transfers

Institute of Leadership and Citizenship
Summer 2017

- Underwent 2 weeks of leadership and public citizenship training
- Discussed how to apply designing thinking principles followed by the creation and organization of a service project for the Boys & Girls Club of Charlottesville
- For more information: https://www.jeffersonscholars.org/scholar-enrichment-program

Jefferson Literary and Debating Society
Role: Keeper
Fall 2016 - Spring 2018

- Member of the Jefferson Literary and Debating Society
- Contributed content in the form of hall speeches about technology and its role in society
- As keeper, catered weekly society meetings and events attended by up to 80 members
